Learn more about Volunteering here at St. Mark's.

Today after worship we will take the brief survey for our Discovery Tool, called the Volunteer Accelerator. You will be able to use your phone or one of our iPads to answer the questions. After taking the survey, you will find that you will have several new opportunities for involvement here at St. Mark's. You may even be surprised at some of your matches. This is a chance to try something new and engage in our community.
